POWER AND FUEL PLANTS MEET PLAN

ELECTRIC PLANT FULFILLS PLAN -- Rude Pravo, No 278, 28 Nov 48

The electric power plant at Trebovice in Silesia, the largest plant of the Eastern Moravian Electric-Power Plants state enterprise in Prierov, fulfilled its operational plan of production, as prescribed by the two-year plan, on 21 November.

STEEL PLANTS FULFILL TWO-YEAR PLAN -- Rude Pravo, No 236, 10 Dec 48

The Stalin fuel plants did not begin their two-year plan successfully because heavy frosts caused transportation interruptions; consequently, the two-year plan was delayed for fully 2 months. However, the entire two-year plan was fulfilled on 8 December, when the plan for the production of motor fuels was fulfilled.

BRATISLAVA PLANT COMPLETES PLAN -- Pravda, No 2, 4 Jan 49

The Apollo [coal distillation] in Bratislava of the Slovak Refineries state enterprise completed its two-year plan assignments 100.15 percent on 30 December.

ELECTRICITY TO BE INTERRUPTED -- Rude Pravo, No 271, 20 Nov 48

Delivery of electricity in Malesice will be interrupted today, 20 November, from 1300 to 1600 for urgent repair work on the 22-kilowatt line. On 21 November, from 0700 to 1000, delivery of electricity will be interrupted in Prague XII near Mateje, at Zlatnik, at Petrin, and in Liboc.

RAILROADS LARGEST CONSUMER OF COAL -- Rude Pravo, No 298, 22 Dec 48

The Czechoslovak railroads are our largest consumer of coal. They consume approximately one fifth of it. In 1947, the railroads consumed 3.5 million tons of black coal in their operations, not counting the coal with which the machines at the mines were supplied.
